Patents

Patents 1 - 50 on account "IP address". (0.11 seconds)

World-wide-web server with delayed resource-binding for resource-based load balancing on a ...

US Pat. 5774660 - Filed Aug 5, 1996 - Resonate, Inc.

3, when server 22C crashes, its 55 complex load-balancing scheme which takes into account IP address 230.101.17.103 remains in use in DNS server caches. ...

Automatic configuration for internet access device

US Pat. 6012088 - Filed Dec 10, 1996 - International Business Machines Corporation

Using the decoded IP address 304 of the configuration server, ... as required and outputs the configuration file corresponding to the customer account ID. ...

Internet server access control and monitoring systems

US Pat. 5708780 - Filed Jun 7, 1995 - Open Market, Inc.

A user on a home PC 14 may purchase an account through the Internet provider 16. ... the content server records the URL and the IP address, to the extent it ...

Multiple-level internet protocol accounting

US Pat. 6119160 - Filed Oct 13, 1998 - Cisco Technology, Inc.

Once the service account stop request packet is generated, at step 92, ... where: service=Name of the service profile. ip address=IP address of the SSG ...

Method for the billing of transactions over the internet

US Pat. 5905736 - Filed Apr 22, 1996 - AT&T Corp

The ISP then associates the received telephone call with the IP address of ... to properly charge an established account of the user for the transaction. ...

System and method for billing for transactions conducted over the internet from within an ...

US Pat. 5845267 - Filed Sep 6, 1996 - AT&T Corp

... the user's identity with the IP address assigned to the terminal; ... IP address and the user's identity; billing the account associated with the user's ...

Method and system for user authorization over a multi-user computer system ...

US Pat. 5684954 - Filed Mar 20, 1996 - Synopsys, Inc.

A and the current IP address of the user. One method is shown number of well ... of the present invention, the input email account (eg, account 220 of FIG. ...

Security system for network address translation systems

US Pat. 5793763 - Filed Nov 3, 1995 - Cisco Technology, Inc.

... packet without its SYN bit ASCII IP address may change the packet size. ... the above discussion that there 15 adjusted to account for any difference in ...

Network session management

US Pat. 6137869 - Filed Sep 16, 1997 - Bell Atlantic Network Services, Inc.

The customer will also either populate 40 obtain the IP address of the ...

Patents

Patents 1 - 50 on using a portion of the IP address in the account number. (0.07 seconds)

Method and apparatus for remotely programming a cellular radiotelephone

US Pat. 5603084 - Filed Mar 2, 1995 - Ericsson Inc.

Otherwise, the Feature Group D, **Account Number** Identification ("FG-D ANI") field is used to convey the user's **address**. Interactive voice response units ...

Network load balancing for multi-computer server by counting message packets to/from multi ...

US Pat. 6263368 - Filed Jun 19, 1997 - Sun Microsystems, Inc.

The **IP address portion** relates to the external Internet **address** for the ...

TC1-TC4 should be incremented to take **account** of a new message packet to be sent ...

Wireless, radio-frequency communications using a handheld computer

US Pat. 6590588 - Filed Oct 29, 1998 - Palm, Inc.

For example, a TCP packet that has a destination **IP address** but no **IP** options would have its **IP** header 710 **portion** compressed into the C-UDP header format ...

Method and system for secure communications

US Pat. 6253326 - Filed May 29, 1998 - Palm, Inc.

For example, a TCP packet that has a destination **IP address** but no **IP** options would have its **IP** header 710 **portion** compressed into the C-UDP header format ...

Domain name routing

US Pat. 6119171 - Filed Jan 29, 1998 - IP Dynamics, Inc.

An **IP** packet consists of a header and a data **portion**. The format of an **IP** ... Source field 46 indicates the **IP address** for the source of the packet and ...

Transaction flow editing tool

US Pat. 6243092 - Filed Dec 2, 1997 - Aspect Communications

At step 1505, **using** the 30 **account number** as the primary key, ... records to the **IP address** identified, and at step 1511 the workflow terminates. ...

Visual design of workflows for transaction processing

US Pat. 6225998 - Filed Dec 2, 1997 - Aspect Communications

At step 1505, **using** the **account number** as the primary key, ... transaction records to the **IP address** identified, and at step 1511 the workflow terminates. ...

System and method for computer-based rating of information retrieved from a computer network

US Pat. 5911043 - Filed Oct 1, 1996 - Baker & Botts, L.L.P.

Document addresses 200 may include a non-**IP address** 204, ... If the document is **IP address** rated at step 320 or originally specified **using** an **IP address** 206 ...

Retail method over a wide area network

US Pat. 5899980 - Filed Aug 11, 1997 - Trivnet Ltd.

While the invention has been described with respect to a limited **number** of ...
a customer comprises at least the **IP address** space of said Internet service ...

Encryption system with transaction coded decryption key

US Pat. 5889860 - Filed Nov 8, 1996 - Sunhawk Corporation, Inc.

The function is initiated by the client by sending (92) payment information (for example, a credit card **account number** and expiration date, or the **number** of ...

Network session management

US Pat. 6137869 - Filed Sep 16, 1997 - Bell Atlantic Network Services, Inc.

The information includes the calling party's **account number** and password, ...
object are coded to at least a **portion** of the **address** of the calling terminal. ...

Multimedia multipoint telecommunications reservation systems

US Pat. 5680392 - Filed Jan 16, 1996 - General DataComm, Inc.

The **address** list functionality is a program which accordance with and comply with the ... use of T.124 is optional, although n billed **account**. The **number** of ...

Method and apparatus for TCP/IP multihoming on a host system configured with multiple ...

US Pat. 6119170 - Filed Dec 29, 1997 - Bull HN Information Systems Inc.

The subnet mask is typically 32 bits and a bit value of 1 indicates that bit position is part of the network **address portion of the IP address**. ...

Distributed internet user experience monitoring system

US Pat. 6157618 - Filed Jan 26, 1999 - Microsoft Corporation

12 depicts a **portion** of a system of data-gathering clients in accordance with the ... URL or **IP address**) to transmit its preprogrammed client ID to ...

Integrated voicemail and faxmail platform for a communications system

US Pat. 6330079 - Filed Sep 8, 1997 - MCI Communications Corporation

Additionally, the VFP 32 can provide mailbox **account** stored in the shared disk subsystem 56. ... The ACD 18 then desired **number**, **IP address**, etc. ...

Apparatus and methods for use therein for an ISDN LAN modem that selects among a plurality of ...

US Pat. 6108330 - Filed Sep 26, 1997 - 3Com Corporation

As a result of employing this inventive addressing technique (utilizing **IP address** and where required, port **number** 40 translation), individual packets ...

Apparatus and methods for use therein for an ISDN LAN modem that provides enhanced network activity

US Pat. 6029203 - Filed Sep 26, 1997 - 3Com Corporation

13 **address** in each such packet into the corresponding private **IP address**, ...
Here too, 55 though this scenario has been described as **using** dynamic IP ...

Method and apparatus for remotely establishing a cellular service account for a cellular ...

US Pat. 5887249 - Filed Jan 31, 1996 - Telefonaktiebolaget L M Ericsson

Furthermore, these operations can be implemented **using** existing cellular system ... Otherwise, the Feature Group D, **Account Number** Identification ("FG-D ...

Vehicle information and safety control system

US Pat. 6154658 - Filed Mar 11, 1999 - Lockheed Martin Corporation
